Hello!

We have had another lovely week in school. Our Big Idea 'Out of This World' really is in full swing now! The children in Y6 have been designing and creating fantastic Mars Rovers, in Y5 they have been doing drama to investigate our solar system, Y4 have been using world maps to understand time zones, and Y3 have created beautiful scrapbook pages to demonstrate their knowledge of the most famous launch sites around the world! Lots of super work to be extremely proud of. We hope you all have a great weekend and that the sun keeps shining.

Have your say!

Last week, we sent out our Parent View Survey. We would love to get your feedback so that we can keep on improving our school. Please help us by giving us your views.

Thank you in advance!

Health and Safety

- Please could parents ensure that children bring a coat to school with them. We like the children to get as much outdoor play as possible
- We still have children wearing earrings on their PE days. Please ensure you remove their earrings at home before school.
- Younger siblings are still riding their bikes on the play-grounds. Please ensure no children are riding their bikes once inside our school gates.
- We are monitoring the school entrance. Please help us by challenging anyone who is trying to come through the school barrier during the 'no movement' period.

Individual Photos

Over the next few weeks, we will be taking individual photographs of all children in school. Mr Bedingham (our resident photographer) will be taking some outdoor shots so that we can make our photos affordable for all families again.

More details to follow on how you can order these.

Merger Consultation

On Monday, parents will be receiving a letter from Trustees of South Bank MAT. It will share the details of an upcoming consultation period to gather the views of all stakeholders about a possible merger with South York MAT. Please ensure that you use the consultation to ask all of your questions or raise any concerns about what this might mean for our school.

Mr Gray's handy hints to keep our children safe online!

This week I can direct you towards setting up parental controls in Minecraft; a favourite of many of our pupils! There is a guide, step by step instructions and a short video! If there is anything you particularly want to know about please don't hesitate to contact school. Don't forget I'm running an online safety session for parents and carers after school on Thursday 14th of October. Happy gaming!
