AIM HIGH, SHINE BRIGHT!

W/C 8TH APRIL 2024 WEEKLY NEWSLETTER

Hello and Welcome Back!

We were so pleased to have all of our Carr Stars back in school for the start of the Summer term this week. What a great start it has been! Once they had finished telling us about all of the Easter eggs they had eaten (yum!), the children threw themselves back into their learning which was fantastic to see. They are now so familiar with our school rules (Be Ready, Be Respectful, Be Safe) which has meant that there has been such a lovely calm start after their break.

Along with this newsletter today, you will have received the newsletter and Knowledge Organiser for your child's year group. This half term, we are all working on the Big Idea 'Where in the World?' which has a focus on Geography and Design Technology. Soon the children will take part in a launch event to introduce them to their new Learning Adventure. Please take the time to read the newsletters and see if you can learn some of the facts from the Knowledge Organiser together at home!

Enjoy the weekend.

Pea Hunt!

Thank you so much for once again supporting us with our annual event of finding peas! The children had so much fun yesterday searching the field and trying to be the top scorers. All of the money raised will go towards funding our Shine Fest week later in the Summer term which we know that the children absolutely loved when we ran the event two years ago so please keep your sponsorships coming in and thank you so much.

School Projects!

I apologise for the disruption to parents when dropping off or collecting their children from the Y3/4 playground. You will have seen that we have had scaffolding up this week so that some work could be finished. Being part of SB MAT means we benefit from additional funding which can be allocated to the schools for building projects and maintaining the condition of the building. During the Easter holidays, we had the roof replaced above the first floor classrooms (complete with solar panels!) and our swimming pool entrance, changing rooms and poolside were decorated. It is looking great!

School Kitchen Ltd!

You can now order a take-away from School Kitchen Ltd which will be prepared and cooked in our very own kitchens! Have you had one yet? By using our kitchen facilities, School Kitchen Ltd are contributing financially to our school budget which is vital during these times when budgets are so stretched. The chefs will soon be doing some demonstration lessons for the children and growing produce in our allotments too. We are really pleased to be working together on this venture.

Please respect our staff!

Once again I feel the need to ask that our parent / grandparent community behave respectfully towards our office team and wider school staff. Our team is here to help you but please treat them with respect. If any parents or grandparents are not able to do this, they will be asked to leave the school site and may receive a warning letter or complete ban from the school site. Thank you for your support.

Mr Gray's handy hints to keep our children safe online!

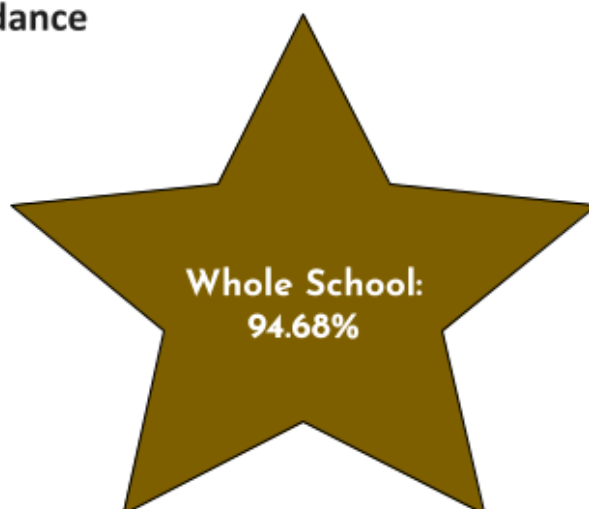

Get smart about smartphones - If you are going to set up a smart phone for your child, here are some excellent tips from internetmatters.org.

We know it can be tough to stay on top of a kid's smartphone use, especially if they are just starting their digital journey. So, we've put together simple but practical things you can do today to take action and keep them safe.
