

Jigsaw PSHE Summer 1 - Relationships (Y3)

This term, the Jigsaw unit we will be covering in PSHE is 'Relationships'. This unit is focused around our relationships with others, rights and responsibilities and recognising/managing risks in our lives. The 'puzzle pieces' explored are detailed below, as is the core vocabulary we will be teaching and using.

In this Puzzle the class revisit family relationships and identify the different expectations and roles that exist within the family home. They identify why stereotypes can be unfair and may not be accurate, e.g. Mum is the carer, Dad goes to work. They also look at careers and why stereotypes can be unfair in this context. They learn that families should be founded on love, respect, appreciation, trust and co-operation. Children are reminded about the Solve it together technique for negotiating conflict situations and the concept of a win-win outcome is introduced.

Online relationships through gaming and apps are explored and children are introduced to some rules for staying safe online. Children also learn that they are part of a global community.

Puzzle Pieces (lessons)

1. Family Roles and Responsibilities (identifying roles and responsibilities of family members; reflecting on expectations of males and females).
2. Friendship (identifying and demonstrating skills of friendship; learning about negotiation and win-win situations).
3. Keeping Myself Safe Online (understanding strategies for keeping safe online and who to ask for help if worried).
4. Being A Global Citizen 1 (understanding how the actions and work of people around the world affect and help our lives; understanding how this may affect our decisions).
5. Being A Global Citizen 2 (understanding the needs and rights shared by children around the world; empathising with those whose lives are different to our own).
6. Celebrating my web of relationships (expressing appreciation for friends and family; expressing enjoyment of being part of family and friendship groups).
